Tutankhamun’s tomb is the only one that still had most of its treasures.  
 Historians do not know for sure how the boy king died .  
 When Carter discovered the tomb it had valuable and luxurious items in it.  
 The old Egyptians believed in life after death.  
 Many objects showed that Tutankhamun killed soldiers in battle.  
 Recently the body of Tutankhamun was moved to a glass case  
 Historians want to protect the body from thousands of tourists.  
 Most of the items found are now in the Egyptian Museum in Cairo.
